

# Lethbridge Pregnancy Care Centre

The Lethbridge Pregnancy Care Centre is a local Christian agency offering [compassionate support and education](#) for the women and men facing unintended pregnancy, [counsel for pregnancy related losses](#), and programs [encouraging healthy sexual choices](#).

Dear Vulcan Church of Christ,

I hope you are doing well and that you and your loved ones are all healthy. Hard to believe that we are already in this pandemic for over a month and that this is our "new normal."

Thank you for your ongoing support of the Centre, both financially and prayerfully. **Because of you**, we are able to continue to still be at the Centre for women facing an unintended pregnancy.

[CTV aired a story](#) discussing an expected increase in unplanned pregnancies earlier this month. We are seeing evidence of this. Over the last couple of weeks, there has been an increased number of calls and emails from women who are scared and looking for information on abortion.

One of these women, Ashley,\* texted the Centre late one night. She had just found out she was pregnant and was not wanting to bring a child into "this mess." During an online video meeting the next day, tears silently rolled down Ashley's face as her client advocate explained the abortion procedure. Ashley was encouraged to slow down and take some time to think. She was assured that she would have the support of the Centre for as long as she needed.

That voice of support, that reminder that she was not alone, was what Ashley needed to hear. A few days later, Ashley texted the Centre to say "Thank you." She let us know that she was feeling more confident that she could have a baby because she knew she was not alone.

Though the front door is locked, the Centre is still available to women and men facing an unexpected pregnancy during these particularly challenging times.

The need continues. **Because of your support** we are able to be here for women like Ashley. Thank you for standing alongside Ashley and all of the women like her as you stand alongside the Centre.

Take care,
